Product Description

Hainan agarwood natural logs white agarwood slices high fat oil explosion incense tea wine boiling water soothing sleepxz

There are two types of sandalwood: yellow sandalwood and white sandalwood. Most of them are cylindrical or slightly flat; straight, and a few are slightly curved. The surface is light yellow-brown, and the color becomes darker after being stored for a long time. The surface is smooth and delicate, and thin longitudinal cracks can be seen. The best ones are yellow in color, hard and dense, oily, and have a strong fragrance.

Function and indications

Regulates Qi and harmonizes the stomach. Treats heart and stomach pain, choking and vomiting, and chest discomfort.

Dosage

Internal use: decoction; or make into pills or powder. External use: grind into juice and apply
