Product Description

china Nha Trang Hainan Kynam Agarwood Aromatherapy Essential Oil Soothes the Nerves and Helps Sleep Indoor Long-lastin

Efficacy and effects of agarwood essential oil:

1. It has multiple effects: promoting qi and relieving pain, warming the middle and stopping vomiting, relieving asthma, promoting blood circulation and unblocking meridians, etc. It can improve the aura, relieve stress, help sleep and resist depression, regulate the body and mind, and promote body metabolism.
2. It is the essence of agarwood: it is extracted and refined from agarwood through distillation. Chinese medicine believes that it belongs to the spleen, stomach, and kidney meridians, and is used to treat chest and abdominal distension and pain caused by cold stagnation and qi stagnation.

Agarwood essential oil can mainly achieve multiple effects such as promoting qi and relieving pain, promoting blood circulation and dredging collaterals, and relieving asthma, and can achieve effective conditioning.

1. Promoting qi and relieving pain: After use, it can achieve the effect of promoting qi and relieving pain, can achieve the effect of improving pain, and can gradually alleviate the symptoms of pain.
2. Promoting blood circulation and dredging collaterals: After use, it can achieve the effect of promoting blood circulation and dredging collaterals, can speed up blood circulation, and can also achieve the effect of dredging meridians.
3. Relieving asthma: When used, it can achieve the effect of relieving asthma, improve the symptoms of chest tightness or shortness of breath, and the effect after use is also relatively good.

In addition, it can also achieve the effect of warming the middle and stopping vomiting.
