Product Description

Product Description

Supercritical CO₂ Extraction Kynam Old Oil is a rare, premium-grade kynam (kyara) oil extracted using advanced supercritical CO₂ technology. This method preserves the delicate, complex aroma of aged kynam, resulting in a highly concentrated, pure oil with a rich, long-lasting fragrance. It is highly sought after by collectors and luxury fragrance brands.

Features

- Premium aged kynam (kyara) old oil
- Advanced supercritical CO₂ extraction
- Highly concentrated and pure aroma
- Delicate, complex, and long-lasting scent

- High-end aromatherapy products
- Collector-grade oud collections
- Custom premium fragrance blends
- Exclusive gifts for oud connoisseurs

Support and Services

- Certificate of authenticity provided
- Limited quantity orders
- Custom packaging for gift sets
- Secure worldwide shipping
- Personalized consultation for buyers

FAQ

Q1: What makes kynam oil special?

A1: Kynam (kyara) is the most prized variety of agarwood, known for its unique, complex, and long-lasting aroma.

Q2: Why use supercritical CO₂ extraction?

A2: This advanced method preserves the delicate compounds in kynam, resulting in a purer, more authentic aroma.
