Product Description

Product Description

Water Distilled Fermented Agarwood Oil 10.3 is a medium-intensity Middle East style oud oil, crafted via water distillation from fermented agarwood. The 10.3 grade offers a rich, long-lasting aroma with deep woody notes, perfect for commercial fragrance production and bulk blending.

Features

- 10.3 medium-intensity grade
- Rich, long-lasting fermented oud aroma
- Water distilled for consistent quality
- High concentration for blending
- Cost-effective for commercial use
- Popular in bulk fragrance manufacturing

Applications

- Commercial perfume and attar production
- Bulk fragrance blending for brands
- Incense and candle making
- Aromatherapy product lines
- Wholesale to fragrance manufacturers

Support and Services

- Bulk supply for large-scale production
- Competitive wholesale pricing
- Custom formulation support
- COA reports for commercial buyers
- Flexible shipping options

FAQ

Q1: What's the difference between 10.1, 10.3, and 10.5 grades?

A1: They refer to intensity levels: 10.1 (mild), 10.3 (medium), 10.5 (strong), catering to different market preferences.

Q2: Is this oil suitable for candle making?

A2: Yes, its stable scent profile works well in candles and incense sticks.
